HOLIDAY INN RESORT PHUKET SURIN BEACH

Executive Summary

Premium Freehold Beachfront Asset

Acquisition opportunity of a highly regarded 256-key resort occupying 9-2-40 Rai (15,319 sqm) of premium land directly across the golden sands of Surin Beach. Operating under a franchised brand within the prestigious IHG portfolio, this solid asset represents instant scale in one of Southeast Asia's strongest beach markets.

Substantial Value-Add Upside

Currently operating with a 3,000 THB ADR and 60% occupancy. Market research and current asset reviews demonstrate an ideal landscape for active asset management. Strategically directed CapEx to refurbish the pool and rooms will unlock stabilized rates of 4,000–4,500 THB at 75% occupancy, maximizing investor yield.

Property Ecosystem

256 Sophisticated Keys

Spacious, family-optimized configurations ranging from standard balconies to dual-bedroom family suites designed to capture high-yield leisure tourists.

Leisure & Activities

Equipped with dual oversized swimming pools, waterslides, standard kids play arena, arcade game facilities, state-of-the-art cinema, and fitness studio.

4 Distinct F&B Concepts

Featuring curated dining destinations such as Asia Alive all-day international restaurant, custom beach lounge, and convenient pool sidebar concepts.

JOE COLLECTION

Strategic Market Play

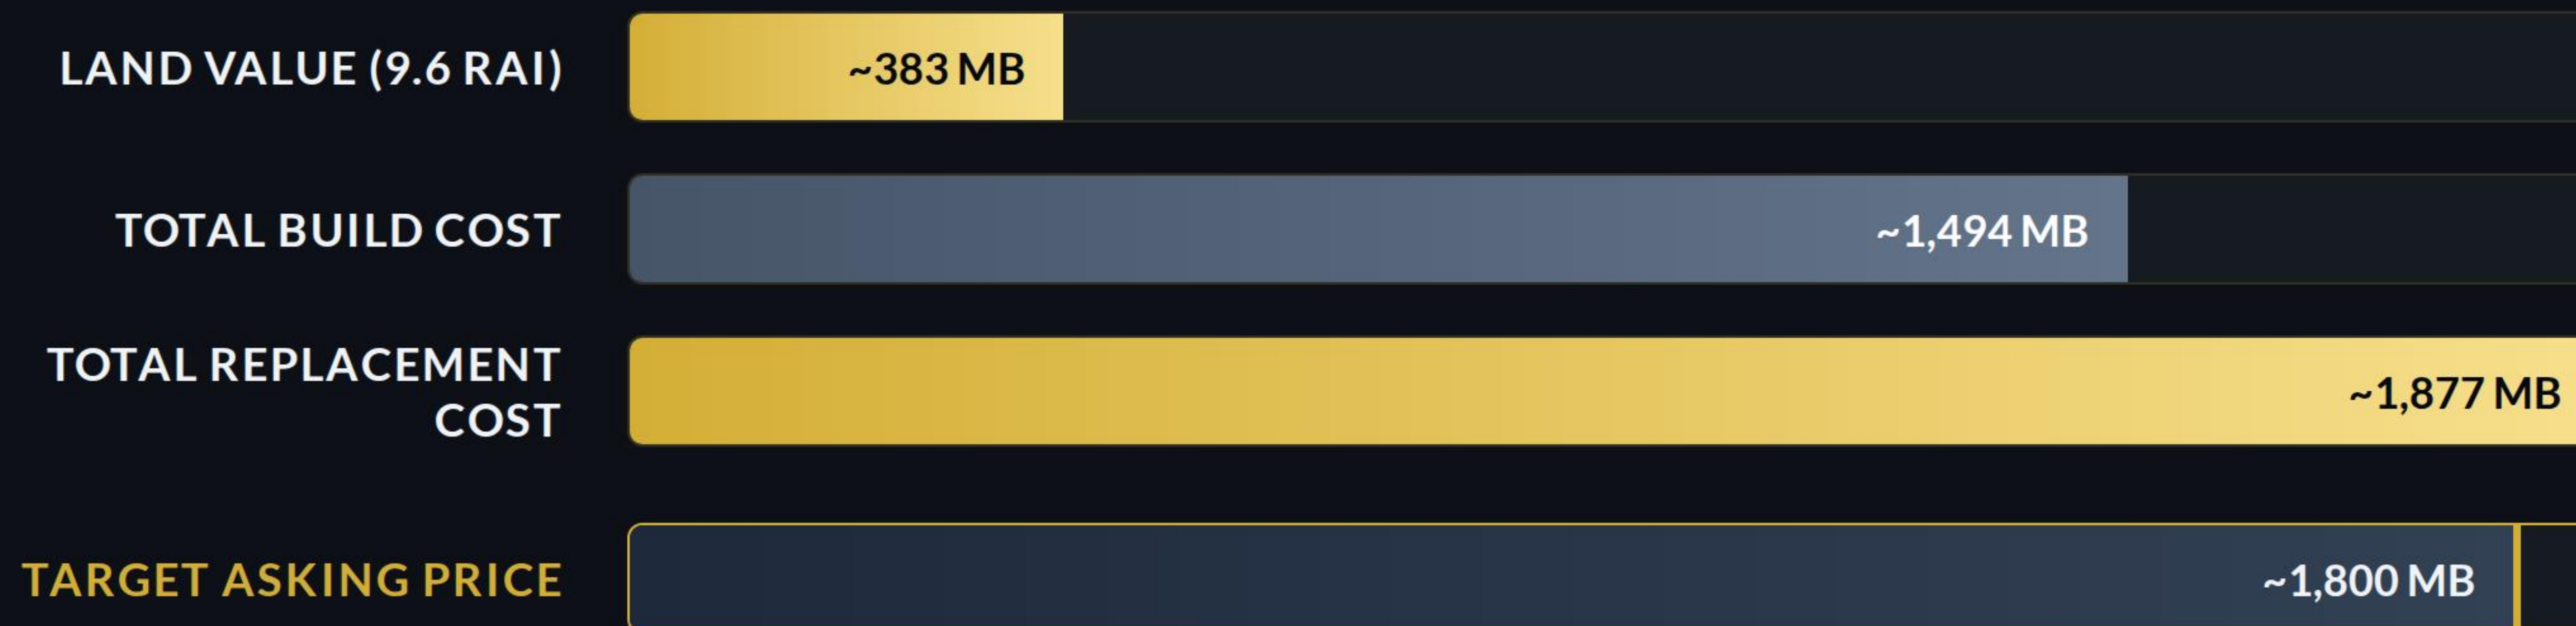

Prestige Surin Beach Enclave

Positioned directly opposite the pristine Surin Beach and bounded by highly successful upscale operators including Outrigger Surin and Novotel Kamala.

Current guest feedback praises the phenomenal kid-focused facilities, helpful hotel team, and superb local dining. Undergoing light, modern asset refurbishments will immediately capture highly lucrative regional and international family demographics.

Acquisition Price Vs. Replacement Cost

Acquiring this premium resort at the 1,800 MB asking price presents a rare opportunity to enter below current land and build replacement costs (~1,877 MB mid-point), completely bypassing greenfield development risk.

TARGET MOIC

Stellar Yield and Asset appreciation

The proposed business plan is built on a 5-year investment holding period. Refurbishing room amenities and re-evaluating dining operations will drive substantial Net Operating Income (NOI) growth.

- **Stabilized Return on Investment:** Targeting an 8.2% ROIC yield on cost by Year 3.
- **Exit Valuation:** Conservative exit pricing based on a 6.25% market capitalization rate.
- **Debt Optimization:** Assuming conservative, institutional-grade 50% LTV financing.
